

Census Coming April 2020

Count All Texas Babies in the 2020 Census

The census happens once every 10 years. Count your baby so your community will have more funding for child care, education, and other services for the next 10 years.

The census is safe, easy, and important for your baby's future! You will be able to complete the census in 10 minutes by phone or on a computer on your own schedule.
